

# 2019 Arizona Imaging and Microanalysis Conference

Register at: [azmicroscopy.org](http://azmicroscopy.org)

## Featured Speakers:

### Tarjani Thaker

"Super-resolution and electron microscopy of a mitochondrial phosphatase.

Scientist

University of Arizona

### Alexander Myaskinov

High resolution cryo-electron microscopy on new K3 direct electron detectors"

Director Electron Microscopy Core

St. Judes Research Hospital

### Brent Nannenga

"MicroED: cryo-electron diffraction of 3D microcrystals"

Assistant Professor

Arizona State University

**STUDENTS** submit an abstract to participate in a **poster session** with the chance to win **cash prizes** in both light and EM based microscopy!

Discuss research, exchange ideas, learn about new techniques and concepts, meet vendors, enjoy a free catered lunch!

**Thursday, March 14th, 2019**

**8:00 am – 4:00 pm**

**South Ballroom Memorial Student Union  
University of Arizona**
